“Natural Gas – Fueling Tomorrow’s Generation”

2024 Members Defined – Article VII

Section 1. Utility members shall be persons, firms, companies, or corporations, except as defined in Sections 2, 3 and 6 of this Article, actively engaged in the production, transmission, distribution, or delivery of energy by means of pipe systems within the State of Texas. The term corporation shall also include gas utilities owned and operated by municipalities, counties, and special gas districts. Those gas utilities operating more than one geographical district or division shall be permitted Membership for each such district or division.

Section 2. Associate Members shall be persons, firms, companies, or corporations actively engaged in the manufacture or fabrication of gas appliances, supplies or equipment for the gas industry, the sale or distribution of same, or persons, firms, companies, or corporations that furnish professional services or contract services to the gas industry.

Section 3. Individual Members shall be employees, active or retired, of member gas companies or municipalities, or Associate Members engaged in businesses related to the natural gas industry.

Section 4. Life Member is to be awarded by action of the Board of Directors in recognition of outstanding contribution to the Association and to the natural gas industry.

Section 5. Master Meter Customer Members shall be persons, firms, companies, or corporations that do not sell natural gas, but in the course of whose business natural gas is provided to more than one facility from a master meter through piping owned by the entities.

Dues – Article XI

Section 1. Utility Members engaged in the production and/or transmission of natural gas shall pay annual fees according to miles of pipeline owned or operated. Members engaged in the distribution or delivery of natural gas shall pay annual dues based on the number of meters in the State of Texas billed during December immediately prior to the Association's calendar year. Dues are to be billed as follows:

Distribution

Number of Meters	Annual Dues	Number of Meters	Annual Dues
500 or fewer meters	\$240	10,001-15,000 meters	\$1,550
501-1,500 meters	\$390	15,001-50,000 meters	\$2,200
1,501-2,500 meters	\$490	50,001-100,000 meters	\$3,500
2,501-3,500 meters	\$850	100,001-250,000 meters	\$4,680
3,501-5,000 meters	\$975	250,001-500,000 meters	\$5,850
5,001-10,000 meters	\$1,210	More than 500,000 meters	\$7,000

Distribution fees includes Individual Members

Transmission

Miles of Pipeline	Annual Dues	Miles of Pipeline	Annual Dues
50 or fewer miles of P/L	\$235	301-600 miles of P/L	\$1,375
51-100 miles of P/L	\$345	601-1,300 miles of P/L	\$1,650
101-150 miles of P/L	\$460	1,301-2,600 miles of P/L	\$2,300
151-300 miles of P/L	\$810	More than 2,600 miles of P/L	\$2,875

Transmission fees includes Individual Members

Section 2. Associate Members shall pay \$475 annually.

Section 3. Associate Individual Members shall pay \$50 annually.

Section 4. Life Members shall pay no dues.

Section 5. Master Meter Customer Members shall pay \$120 annually.

Master Meter fees includes Individual Members

Section 6. Dues shall be prorated for all types of corporate Members for the first year the membership dues become effective. The proration shall be based on the calendar quarter that the membership application is accepted. There shall be no proration of Individual Member dues.

Section 7. Membership Application and Fees due in the TGA Office by January 1st. Late Applications and Fees may result in your company's information being incomplete or missing in the TGA Directory. You will miss out on a valuable source of access to your company.
